## EC Certificate of Factory Production Control (FPC)

**2273 – CPR – 0490**

In compliance with Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR) it has been stated that the construction product:

### Structural Components for Steel Structures

Harmonised	Type / Execution Class of the Construction Product	Declaration Method
BS EN 1090-1: 2009 + A1:2011	Load bearing and welded structural steel components up to EXC 2 according to BS EN 1090-2:2008+A1:2011.	1, 2, 3a and 3b table A.1 of BS EN 1090-1: 2009 + A1:2011

placed on the market by

### EDS (Electrical-Data-Security) Ltd

Waterside Business Park, 1649 Pershore Road, Kings Norton, Birmingham, West Midlands, United Kingdom, B30 3DR

and produced in the factory(ies)

Waterside Business Park, 1649 Pershore Road, Kings Norton, Birmingham, West Midlands, United Kingdom, B30 3DR

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body No. 2273 – Steel Construction Certification Scheme Ltd - has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

<b>Attestation</b>	This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the standard: <b>BS EN 1090-1: 2009 + A1:2011</b> were applied.
<b>Date of first issue</b>	<b>November 2015</b>
<b>Date of this issue</b>	<b>25 November 2015</b>
<b>Date of expiry</b>	<b>24 November 2018</b>
<b>Validity Period</b>	This certificate remains valid as long as the conditions laid down in the harmonised standard in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

This certificate will remain current subject to the company maintaining its system to the required standard. This will be monitored regularly by Steel Construction Certification Scheme Ltd. Further clarification regarding the scope of this certificate and the applicability of the relevant standards requirements (see welding certificate) may be obtained by consulting Steel Construction Certification Scheme Ltd.

**Chairman:**  
Denver Woodward

**Scheme Manager:**  
Stephen Blackman

### Conditions of Issue

This certificate is issued by the Steel Construction Certification Scheme (SCCS) in recognition that the Management System operated by the Organisation was in accordance with the requirements of the Management System Standard / Normative Document at the time of the certification assessment.

Issue and retention of certification by SCCS is subject to the Organisation's compliance with the following conditions:

1. This certificate is not transferable.
2. This certificate is and will remain the property of the SCCS and shall be returned to SCCS on request.
3. The Organisation shall, upon reasonable request, provide safe access for the Scheme Manager, SCCS Assessors and Observers to the Works, office premises, erection sites (as relevant) and other locations where work relevant to this certificate is being carried out – for the purpose of monitoring continued compliance with the requirements of this certification.
4. The Organisation shall advise the Scheme Manager, in writing, of any changes including – ownership, organisational structure, location, scope of work or service and any significant changes to the approved management system.
5. This document certifies that the Management System addresses all the requirements of the Management System Standard / Normative Document. SCCS does not however accept responsibility for any breach of relevant regulations, legislation or contract conditions by the certified Organisation.
6. The Organisation is permitted to use the SCCS and other logos (as exhibited on the certificate) on documents used to indicate SCCS certification of the management system identified on the certificate. The logo shall not be used on transport vehicles or on products/steelwork.
7. Issue and retention of this document is subject to payment of an annual certification fee. In addition, the certified Organisation shall provide access for regular surveillance audits and full management system re-assessment every third year. The fees for these services are reviewed and approved by the SCCS Certification Board annually.
8. The Organisation shall settle each of the SCCS invoices within 30 calendar days of the SCCS Ltd invoice date.
9. The Organisation shall comply with the SCCS regulations and all legislation relevant to the Scope of Certification.

Enquiries and complaints relevant to this Certificate should be addressed to:
